And we stay with the world of
art to report that Jacques mo-
nastir, the well known expert
has dissapear in dramatic cir-
cumtances. A experienced yachts
man, he left at small port at sar-
dinia three day ago.

His yacht emerald has been
found empty, drifting of
the corsican coast of ajaccio
near the sangunaires island.
A lenght of rope was atta-
ched to the boat. Jacques mo
nastir was known worldwi
de and most of great muse
ums called upon his exper
tise.

it's seem probable that Mr
Monastir decided to go for
swim and for safety, atta
ched himself to the boat by
a line. Then disaster must
have struck.
